

# The Latest at the Lake

## Extreme Makeover

### OLOL College Student Ambassador Edition!

On Saturday, November 10, 2007, OLOL College Student Ambassadors (SA) refurbished the Baton Rouge Youth Home (BRYH). The home is a residential treatment facility for youth victims of child abuse neglect, ages 11-18 years. The facility is certified to serve youth in need of a controlled residential treatment setting and provide the opportunity for youth to heal from past trauma and prepare for emancipation from foster care. This project was steered by two outstanding SA, Jhericca Parker, Chair and Jorasha Casemere, Co-Chair.

The SA partnered with Joe Maitrejean and Fonville Winans, both independent contractors, to accomplish the task of painting the girls four bedrooms and three bathrooms. This collaborative effort was a great success!

Stephanie Price, BRYH Manager, said "the girls love their new living areas; they actually want to spend time in their rooms now. In addition, OLOLC tote bags were provided to the girls (thanks to Jorasha). Stephanie said, one girl walks around the house with the tote on not wanting to take it off."

I would like to send a special thank you to the Student Ambassadors, Dr. Simpson, Brittany Wiebelt, family/friends, Fonville Winans (Beau), Joe Maitrejean (Brittney Maitrejean' Dad), and Quizno's for working together in efforts to bring great big smiles to the girls faces.

This is a job that could not have been accomplished without the efforts of everyone working together. Again, thanks for giving these girls a reason to smile.

# **SGA OPEN STUDENT FORUM**

## **Tid Bits:**

### **Dr. Harper's Opening::**

#### **Long Term Vision for the College:**

- Continue to be a health focused college
- Focus more on spiritual health, mental health, economical health
- Broaden thought processes/programming about health
- Community engagement
- Establish an institute for health policy
- Advertise for College

#### **Short Tem Vision for the College:**

- Focus more on academics
- Get more full time faculty
- Need a more localized campus to form an identity
- Marketing for OLOLC
- Student center and bigger library coming soon

### **Response to Student Center:**

The Student Center will probably be complete no later than August 2008. The building planning committee, along with the Board of Trustees, are looking into this right now.

### **Response the Student Surveys**

There are a lot of uncomfortable situations that can arise when filling out a survey in class. This can be taken care of by putting the survey online. It will be more secure and provide better information. Students will be notified VIA email as to how to get to the surveys. The surveys will be kept confidential. This will be good for accreditation as well as, valuable info to instructors so that they can improve their courses. Each instructor will have their own survey for that particular course.

### **Response to College Credibility**

Changed personnel and techniques are in progress but it will be a while before rumors die. Rumors about a lot of people failing classes are not true. Facts speak for themselves. The majority of people are not failing classes, and pass rates and accreditations for the college are positive. Negative attitudes toward the college are harmful to the college. It is up to the students to put these rumors to a stop.

### **Response to Online Registration**

Students will be able to register online, see schedules, print schedules, access unofficial transcripts, course descriptions, pre requisites, and wait listing for full classes. Each student/ faculty will be able to customize their own page, and have access to all of their records. The students/faculty will be able to see if any information is missing and accept/ decline financial aid awards. The business office will not have to mail out bills, the students/ faculty will be able to see if financial aid has been posted. This system will eventually make communication become more effective.

### **Response to Team Teaching**

Team teaching is very common in nursing. It allows students to have all instructors and get less variation, consistent, preparation for licenses exams. It allows instructors for specific content area to be specialized in that area.

### **Response to Scheduling:**

Offering a lot of classes at different times, it's hard to maintain academic quality. There is only 12-15% decrease in sections because we are trying to use more of the day which creates more options for students. In Arts and Sciences, we are trying to eliminate a lot of sections with small classes which creates less reliance on part time faculty and adjunct faculty and saves more money for full-time faculty. We are prepared to add sections if needed. This will cut down on course elimination and make more sufficient use of space.

### **Response to Enrollment:**

There was no enrollment drop this fall, only a slight increase. The Enrollment Management Committee will be looking at retention efforts, and a large part of that is recruiting students that will stay at the college. Dr. England mentioned that SGA and the student body are very important in recruiting new students. Students need to focus on talking about the good aspects of the college and not the bad. A market research study was done with positive results of students satisfied with their experience at OLOLC.

### **Response to Grading Scale**

Nursing is a small community for as large as it is, it has developed a consistent program and similar policies, one being the 6 point grading scale. At the end of a nursing program, having a diploma does not promise a job. Passing the board exam does. If the grading scale is lowered to a 10 point scale, the passing rate might decrease as well.

### **Response to Nursing Appeals**

The appeal process has undergone revision. When a student wants to appeal a grade in a course, they should speak to the instructor, then the program director. Grade appeals are at the Dean's decision. If a student fails twice, they can submit a formally written request brought to the program director, then the Dean of Nursing, and a committee makes the decision. Students are heard on an individual basis.

## On the Hunt for .....COURSE EVALUATIONS

As many of you know the College has made the leap from paper-based course evaluations to those given online. During the last few weeks, however, I've been asked several questions regarding this process. Consequently I thought I would explain to you all the ins and outs of how the online course evaluations work.

First of all, for those of you who are worried about someone finding out which evaluation you submitted. It is not possible. There is only one account to the online service that we are using....and I hold the account information. I am the only one who sees the answers provided and even then there is no IP address information or anything else that can lead back to your computer. These evaluations are TOTALLY anonymous. The company we use also works with other schools such as Harvard, Penn State, University of Maryland and University of Virginia. They are serious about security because not only do they service other educational institutions but they also host surveys for companies such as JP Morgan, Microsoft and XM Radio. Your identity is totally secured.

Second, many of you are wondering how this process will work. Well, here it is in a nut shell. During the last week of classes you will receive an e-mail from me containing a link to the evaluation. Click on the link from any computer and you will be taken to a welcome page on the web. From there just follow the instructions and complete the survey. It's just that simple ... and you can complete the surveys at any time from any computer. So if you would like to evaluate your course from the comfort of your home at 2 am, feel free to do so.

Finally, why have we chosen to go this route? Well there are many reasons. The main reason is that by collecting the information in an online format I can evaluate the results more quickly. This allows the Department of Academic Affairs to quickly see what courses and/or sections need improvement so that they can work with the dean to change the course.

Hopefully this has answered a few of your questions. If you have any additional information you would like, please feel free to stop by my office (Room 227) in the administration building at any time and I will be happy to sit down with you and explain the entire process.

Don't forget to check your e-mail box regularly during the last week of classes for information on how to access the survey for each course you are taking during the semester.

Sincerely,  
Valerie Adams  
Coordinator of Institutional Research

## Nursing News: Myth or Reality?

*Truth is more accurate than fiction*

Melanie H. Green, PhDc, RNC  
Dean, Undergraduate School of Nursing

The human condition is such that bad news travels far more quickly than good news, even when (or especially when?) the bad news is false. In an effort to put forth correct information, I am writing this article to dispel some unpleasant, unsettling, and untrue rumors afloat regarding the Undergraduate School of Nursing and its programs. In particular, I will address three main topics: NCLEX-RN pass rates, Louisiana State Board of Nursing (LSBN) approval status, and National League for Nursing Accrediting Commission (NLNAC) accreditation status.

1. **NCLEX-RN Pass Rates:** The 2006 pass rate for Our Lady of the Lake College was 90.36%. Out of 197 graduates who took the exam, 178 passed it on the first attempt. OLOLC is above both the state and national averages for this exam. The average pass rate for ASN programs in the state of Louisiana for that time period was 89.04%. The national average for ASN programs was 88.77%. Information regarding the 2007 pass rate will be available May 2008.
2. **Louisiana State Board of Nursing (LSBN) approval status:** The LSBN delineates the criteria necessary for nursing programs leading to licensure to receive full approval status: Full approval status means that a nursing program has met all of the legal standards established by the Board. In the case of the Undergraduate School of Nursing at OLOLC, the ASN program is the only program in that school leading to licensure. The RN-BSN program does not lead to licensure because it only admits RNs who already have a nursing license. A quick glance at the LSBN website ([www.lsbn.state.la.us](http://www.lsbn.state.la.us)) reveals that *the ASN program has full approval status* from the LSBN. The full set of criteria that must be met to achieve this status can also be found at the LSBN website under the "rules and regulations" link (see Chapter 35).
3. **Accreditation status:** The programs of the Undergraduate School of Nursing are and have always been *fully accredited* by the National League for Nursing Accrediting Commission (NLNAC). The NLNAC is responsible for the specialized accreditation of nursing education programs, both post-secondary and higher degree (Master's Degree, Baccalaureate Degree, Associate Degree, Diploma, and Practical Nursing programs). The Commission has authority and accountability for carrying out the responsibilities inherent in the application of standards and criteria, accreditation processes, and the affairs, management, policy-making, and general administration of the NLNAC. NLNAC is a nationally recognized specialized accrediting agency for all types of nursing programs. The NLNAC website can be accessed at [www.nlnac.org](http://www.nlnac.org).

If any student, faculty, or staff member has any questions or concerns regarding the programs of the Undergraduate School of Nursing, you may contact our office at 768-1750 to set up an appointment to speak with one of our administrators. We will be happy to share with you the many successes of our students, graduates, and faculty members!

## GRADUATION PREP DAYS

MONDAY, OCTOBER 22ND 12PM-4PM  
TUESDAY, OCTOBER 23RD 9AM-1PM  
CONFERENCE HALL  
ADMINISTRATION BUILDING  
7434 PERKINS ROAD

### Graduation Photos:

Fee of \$25 due at time of picture. Includes small package and sitting fee.  
Payable to Spencer Studios.

### Announcements:

A representative will assist you in ordering invitations/announcements for your family and friends. Fee based on amount ordered and due at time of order. Payable to Balfour.

### Caps and Gowns:

Order your cap and gown. No fee, part of Graduation Fees.

### Diplomas:

*Let us know how you want your name printed on your diploma. If you have gotten married, divorced, etc., please bring proof so you can change your name with the Registrar's Office. Without proof, your name will be printed on your diploma as it is in our Student System. No fee, part of Graduation Fees.*

### Intent to Graduate Form:

Make sure the Intent to Graduate Form has been turned in to the Registrar's Office A.S.A.P. so you are included on the official Graduate Listing. If you need a form, contact the Registrar's Office.

### Exit Interview:

*It is a federal requirement upon graduation to complete the exit interview. A representative from Financial Aid will be available to answer any question you have, to assist you, and to explain the importance of this final step.*

### Career Services:

Information about Resume Writing, Interview Preparation and OLOLC Job Fair will be available.

For more information, contact:

Katrina Redmond @

768-1729 or [katrina.redmond@lolcollege.edu](mailto:katrina.redmond@lolcollege.edu)

## POLICIES AND PROCEDURES

*The Latest at the Lake* has been the official publication of Our Lady of the Lake College since May 8, 2003. It is published monthly during the regular semesters through the Office of Student Services.

Submissions must include the author's full name and phone number. Phone numbers are not published. Photo returns are NOT guaranteed. Faculty and staff members should include their title and department. Space is reserved (with a 150 word limit per item) for recognized student organizations. Such submissions should include the name of the organization.

*The Latest at the Lake* publications are designated public forums. Views expressed therein are those of the author or, if unsigned, those of the publication staff and should not be interpreted as the views of others.

## WE NEED YOU!

In an effort to better serve you, the College Library will be conducting a user survey to evaluate the collection and services that we offer and to gather feedback. This survey will be available in the library and online in the very near future. Please look for it and take a moment to fill it out. Your thoughts and opinions are very important to us.

We will combine and evaluate all responses. Comments and suggestions are **strongly** encouraged. Who knows, you may see your ideas put into action! Help us help you.

*Thanks to all the students who participated in our focus group*

## The Communion of Saints

by Francis W. Vanderwall, M.Div., Ph.D

This foundational teaching of the Catholic Church is celebrated on Nov. 1 - All Saint's day, and Nov. 2- all souls day. What do we celebrate on these two consecutive days? The answer is based on a basic Christian belief: All of us who believe in Jesus as the Christ, the One who has triumphed over death, share in the merits of God's profound achievement. Both those of us alive on earth, and those who have died but live on in heaven represent a communion, under Christ' headship, that can never be broken. It is an organic, familial, union, as Jesus himself described in John 15:1 "I am the true vine, and my Father is the vinedresser." A vine, of course, wanders far from its source, yet it grows because it is connected to its source. The significance of this belief is found in this intimacy, this awareness. that it calls us to develop, not just with one another, but with those we knew who have now died and are with God. Intimacy means a genuine caring, a compassion for one another, both living and dead, a reaching out to that wounded sister or brother. praying for the dead, or giving alms -charity- on their behalf We must remember that, young adults especially, who appear aloof and uncommunicative, are really people afraid to reveal who they are to others, lest they be deemed, somehow, inadequate. If we can remember that our adequacy comes from **who** we are - daughters and sons of the living God- not what **we do or fail to do**, then liberation is at hand, and the Kingdom of God is in our midst! the communion of saints calls us to celebrate this revelation. We are all one in Christ who loves us.

## MISSION MOMENTS

THE MISSION EFFECTIVENESS COMMITTEE OF OUR LADY OF THE LAKE COLLEGE IS SPONSORING THE MISSION MOMENTS COLUMN IN THE COLLEGE NEWSLETTER. WE ASK YOUR HELP - STUDENTS, FACULTY AND STAFF - IN PROVIDING THE NEWSLETTER STAFF WITH MOMENTS YOU HAVE EXPERIENCED OR OBSERVED WHERE THE COLLEGE MISSION IS BEING INTEGRATED/DISPLAYED IN OUR EVERYDAY COLLEGE LIFE. PLEASE E-MAIL YOUR MISSION MOMENT TO BRITTANY WIEBELT, SECRETARY, STUDENT SERVICES AT: [BRITTANY.WIEBELT@OLOLCOLLEGE.EDU](mailto:BRITTANY.WIEBELT@OLOLCOLLEGE.EDU)

**THE MISSION MOMENT FOR NOVEMBER IS:**

**The OLOL College Student Ambassadors collected Halloween Candy for the girls of the Baton Rouge Youth Home.**

Pictured left to right: Brittany Wiebelt, Kayla Vincent, Allison Moran, Karen Goodridge, Sarah Burkhalter, Jorasha Casemere, Jennifer Alamis, and Lynn Savoie.

## **THE COLLEGE MISSION STATEMENT IS AS FOLLOWS:**

INSPIRED BY THE VISION OF ST. FRANCIS OF ASSISI AND IN THE TRADITION OF THE ROMAN CATHOLIC CHURCH, WE EXTEND THE HEALING MINISTRY OF JESUS CHRIST TO GOD'S PEOPLE, ESPECIALLY THOSE MOST IN NEED.

WE CALL FORTH ALL WHO SERVE IN THIS HEALTHCARE MINISTRY, TO SHARE THEIR GIFTS AND TALENTS TO CREATE A SPIRIT OF HEALING ----- WITH REVERENCE AND LOVE FOR ALL OF LIFE, WITH JOYFULNESS OF SPIRIT, AND WITH HUMILITY AND JUSTICE FOR ALL THOSE ENTRUSTED TO OUR CARE.

WE ARE, WITH GOD'S HELP, A HEALING AND SPIRITUAL PRESENCE FOR EACH OTHER AND FOR THE COMMUNITIES WE ARE PRIVILEGED TO SERVE.

call Student Services at 490-1620

## Tobacco Free Living at OLOL College!

Tobacco Free Living (TFL) is an initiative that supports OLOL College as a smoke free campus. This semester, Student Services has been promoting the TFL initiative by attending workshops, conferences, and hosting on-campus events throughout the semester. Supporting this Campaign are Student Ambassadors, Dana Polk and Ashley DeJean. The latest of these events includes a promotional table located at the Arts and Sciences Building, Thursday, November 15, 2007 from 11a.m. – 3:00p.m, to recognize the

**Great American Smokeout Day**

and the

**Louisiana Campaign for Tobacco – Free Living.**

In addition, the Student Ambassadors set up a promotional table at the Health Science Building, October 26, 2007 urging students to sign a Dirty Habits petition stating they are smoke free. A Dirtyhabits.com T-Shirt was given to students who participated.

## Response to Suggestions:

### Response to Advising:

Members of the nursing faculty who advise pre-nursing students do not encourage students to repeat general education courses in which they have poor grades. Instead, these faculty advisors usually share alternative areas of study other than nursing for the student to consider. However, in the course of advising, students generally ask what can be done to improve their chances of being selected for admission to the nursing program. In those instances, students invariably ask if they should retake any courses. Faculty advisors tell such students that if they choose to repeat any course work, the student needs to understand that all grades will be used in determining the student's pre-admission GPA. Our Lady of the Lake College does not have a "repeat/delete" policy that would enable us to take the highest grade in a course if a student chooses to repeat. If you have been advised otherwise, you should report the name of that advisor directly to the Dean of Nursing.

### Response to Crosswalks:

This has been pursued in the past and the city-parish refused our request for crosswalks on the side streets. Our request to put sidewalks in the areas where we currently have no sidewalks was also declined. I will continue to pursue these options as our campus continues to grow.

Denise Gillespie

Director, Heath & Safety

### Response to Safety and Security Booklets:

The Campus map is located in the center of the Safety & Security booklets containing the physical addresses of all campus buildings. The exception was the summer 2007 booklet because the map was being revised as the booklets were being printed. The solution was the distribute campus maps with the booklets at Fall Orientations and attendees were advised to insert the map into the booklet themselves. If your booklet does not have a map... you can pick one up at the Administration Building or download it from the college website. Also, every campus phone has a Tracer security label on it that includes the physical address for that location. Thanks for your attention to this important detail.

Denise Gillispie RN BSN

Director, Heath & Safety

### Response to NCLEX-RN:

The information you presented regarding the NCLEX-RN pass rate for the ASN program is correct. The 2006 pass rate for Our Lady of the Lake College was 90.36%. Out of 197 graduates who took the exam, 178 passed it on the first attempt. The average pass rate for ASN programs in the state of Louisiana for that period was 89.04%. The national average for ASN programs was 88.77%. If you have any questions regarding our NCLEX pass rates, you should contact the Undergraduate School of Nursing at 768-1751. Thank you for providing us the opportunity to correct the misinformation you had been previously provided.

### Response to Campus Maps:

Campus maps that designate approved parking areas for the College are available at the reception desk in the Administration building. The campus map is also located on the College website. From the homepage, go to the "Quick Links" drop down box in the middle of the page to the right. Select "Map- Directions" this will bring you to a page that has a link to a PDF file of the campus map.

Denise Gillespie RN BSN

Campus Health & Safety

### Response to Student Center:

The College has limited resources and must proceed judiciously with expenditures of its limited funds. Requests for improvements to building spaces as well as additional building spaces are addressed through the College budget process. As with the new library location, the College is aggressively seeking building space in the area bounded by Dijon, Hennessey, Picardy and Essen. Unfortunately, demand for office space in this area is strong.

### Response to Dosage Calculations:

Math (or dosage calculation) items on undergraduate exams are based on basic arithmetic and algebraic principles. These items are typically presented in a "word problem" format. The Undergraduate School of Nursing requires all ASN students to purchase *Dosage Calculations* (7th ed.) by Gloria Pickar. This book provides the student with clear examples of the types of math questions she/he will encounter not only on an examination but also in the clinical setting. Additionally, the School of Nursing provides weekly math recitation sessions to assist students who are having difficulty in successfully answering math items. You may also schedule time with your current instructor for further assistance. In all of these efforts, the faculty of the School of Nursing is committed to your success in the program.

## Want to have your voice heard?

**Please submit all suggestions  
on the suggestion box located on the  
bottom of the OLOL College homepage.**

### Suggestion Box

We invite all members of the campus community to offer suggestions for improved customer service and satisfaction at OLOL College.

## OLOL College Brag Corner:

# National Rad Tech Week

On November 8th, 1895, Wilhelm Conrad Roentgen discovered the x-ray. Therefore, National Rad Tech week is celebrated every year during the week of November 8th. This year, the theme is Rad Tech's: "The Guiding Vision in Medicine." National Rad Tech week is not only a celebration of the discovery of the x-ray, but it is also a celebration of how far Radiologic Technology has advanced. It is a time for all Rad Techs to increase awareness of Radiologic Technology and recommit themselves to patient care. This year's theme "The Guiding Vision in Medicine" recognizes that we as rad techs are members of a vital team

that enable physicians to visualize internal structures; diagnose pathology and therefore contribute in the healing process. This year, National Rad Tech week will be November 4th-10th. The Radiologic Technology students will be celebrating in several different ways. Throughout the week, we will be providing catering to our various clinical sites. We will also have a luncheon for our instructors where we will play games and have several door prizes.

## ACHE Toy Drive

This will be the second year that students and faculty have contributed unwrapped toys to Children's Hospital, all organized by the American College of Healthcare Executives (ACHE). Unwrapped gifts are requested so that the toy is age and gender appropriate. A candy-striped box will be placed in the foyer of the School of Health Sciences as an aid to help in the collection process. Toys can be given to ACHE officers or their Advisor. The Toy Drive is a community service project sponsored by ACHE as a reminder of their many blessings and the need to help their community, particularly during the holiday season.

Elizabeth A. Berzas, FACHE  
Chair and Assistant Professor  
Department of Health Services

## SURG TECH AT HOUSTON CONFERENCE

Claire and Brook suturing pigs skin

The group selling t-shirts

Ann Laurette helping Suzi learn how to tie different types of knots

## PTA Students Serve and Learn

As part of the Service Learning Course, the PTA Program students had the opportunity to participate in the Fall Carnival at Ollie Steele Burden Manor on October 11<sup>th</sup>. The students and "clowns" assisted the more than 50 residents to decorate treat bags and play a variety of games and activities including basketball throw, face painting, lollipop pull, duck pond, ring toss and frog toss. Everyone won prizes—candy, which was a very popular treat! It was difficult to determine who was having the most fun—students or residents? A good time was had by all!!!!

## Job Fair Update

The Fall, 2007 Job Fair was a huge success thanks to you, the students at OLOLC and the faculty who encouraged student participation. We had 36 employers and 164+ students attend the Job Fair this semester. Door prizes were donated by 9 employers and will be distributed to 12 lucky students. Thanks to everyone for your patience in dealing with the crowd and standing in line to meet with each of the employers (we are aware that we have a crowded space issue!). We hope that each student came away with valuable information about their future career options and some targeted employers with whom to begin their job search. Thank you, also, to the faculty members who encouraged and allowed students to attend – it makes all the difference in the world to the success of the job fair.

Special thanks go to the Student Support Services staff, Shawn Gordon, Karen Goodridge, and Brittany Wiebelt who gave their time and energy the entire day to help make this event possible. Also, thanks to Dr. Phyllis Simpson for her support and encouragement for the Job Fair. Student Ambassadors also helped move tables and chairs around to set up the job fair, assisted employers, registered students and cleaned up after the job fair. Thank you to these Ambassadors: Kayla Vincent, Ellen O'Keefe, Jennifer Alamis, Emily Boyette, Sarah Burkhalter, Kaitlyn Alford, George Johnson, Ashley DeJean, Brittney Maitrejean, Anna Gill, Shawn Aguilard, Lauren Buxton, Heather Traweek, Rachel Wolsefer, Jherrica Parker, Allison Moran and Dana Polk.

Each semester I strive to improve the job fair and welcome any suggestions you may have. I do read each and every evaluation form turned in by students and use your ideas to improve the job fair for the next semester. If you have any suggestions of an employer you would like to see participate, e-mail me or call me and I will make a vigorous effort to get them here for the Spring job fair.

Remember, if you need assistance with a resume, cover letter, job search strategies or preparing for an interview, call me at 768-0813 or e-mail me at [swalke02@ololcollege.edu](mailto:swalke02@ololcollege.edu) to schedule an appointment.

This Job Fair is just one of the services provided to you by your Office of Student Support Services.

Sharon Walker, LPC, NCC, MCC  
Career Planning Specialist  
November 2007

## *Student Ambassador Bake Sale*

# *A Huge Success!*

The OLOL College Student Ambassadors held a Bake Sale at the Health Science Building to benefit the Baton Rouge Youth Home (BRYH). In efforts to continue the improvements of the BRYH, Sarah Burkhalter, Student Ambassador (SA) coordinated a very successful bake sale bringing in over \$200.00. Because the BRYH girls are not allowed to staple, pin, or hang any type of items on their walls, permission from the BRYH Manager, Stephanie Price, was granted for the SA to purchase picture boards for each of the girls to have a place to post their personal items. Joe Maitrejean, the father of SA, Brittney Maitrejean, has offered to make the BRYH girls picture boards. Proceeds from the bake sale will be used to purchase the cloth and ribbon to make the boards. Thank you OLOL College faculty/staff and students for supporting OLOL College Student Ambassadors.

Pictured from left to right: Tim Aguilard (Admissions), Ashley DeJean (Liaison), Dana Polk (Coordinator), Sarah Burkhalter (Bake Sale Chair), George Johnson, Heather Traweek, and Brittany Wiebelt.

## SERVICE LEARNING OUTER LIMITS PTA Program Celebration

The PTA Program students celebrated the conclusion of the semester service learning experience with the residents at Ollie Steele Burden Manor by enjoying a “make-your-own ice cream sundae” party on Tuesday, October 30, 2007. Dr. Debby Tennyson, Endowed Professor for Service Learning, presented each student with a Shining Star certificate for excellence. Those students participating were: Congratulations to these students for serving while learning!
