Simulation Week events will be held in the Health Professions (HS) building, 7443 Picardy Ave.

**Monday, May 2, 2016**

A Ribbon-Cutting Ceremony and Blessing of the new Simulated Environment Teaching Hospital (SETH) begins at 10:30am in the lobby of HS and will include interactive tours of our simulation hospital. Faculty, staff, students and friends of the College are invited. Refreshments will be served.

**Tuesday, May 3, 2016**

Sponsored by the Louisiana Technology Park, this event will bring a technology-inspired audience to the simulation hospital. Tech Tuesday meets monthly at different locations to socialize, network and see innovative technology. 5:30pm to 7:30pm in HS. Registration required at goo.gl/JNT3Bi.

**Wednesday, May 4, 2016**

OLOL College Simulation Faculty Professional Development Committee in collaboration with Laerdal Medical Simulation Education Company will host faculty, medical and simulation professionals at this day-long seminar, 8:00am to 3:45pm in HS. Registration required at http://bit.ly/1qGSonw.

**Thursday, May 5, 2016**

In collaboration with local disaster preparation experts, OLOL College will hold a Disaster Simulation around a scenario of terrorist activity on a city bus. Taking place from 9:30am to 11:00am the scenario will be held both in the parking lot next to the HS building and inside the SETH. Will include invited students, faculty, staff and community members. The media is invited.

**Friday, May 6, 2016**

Concluding Simulation Week will be a seminar/luncheon to thank local community members for their participation as standardized patients. To be held from 12:00noon to 1:30pm in HS. By invitation only.
